

MANISH KUMAR

manishkr061210@gmail.com | +919693510834 | [manishkr1007](#) | [LinkedIn](#) | [Portfolio](#).

SKILLS

Languages: C, C++, Javascript, SQL

Libraries/Frameworks: NextJS, NodeJS, ExpressJS, ReactJS, Redux

Tools/Platforms: Git, MySQL, MongoDB

Coursework: Operating System, DBMS, OOPS, Data Structure and algorithms, Computer Networks

EDUCATION

Dumka Engineering College | Dumka, India

2021 - Present

- B.Tech in Computer Science and Engineering

MG Inter College | Dumka, India

2018 - 2020

- All India Senior Secondary Certificate Examination (Class **XII**)

Aggregate: %**67.4**

EXPERIENCE

Code Clause. | *Web Developer Intern*

February 2024 - Present

- During my internship at CodeClause, I focused on web development, specifically using HTML, CSS, and JavaScript. My primary projects included creating a **to-do** website and a **personal portfolio**.
- Contributed to the **development** of Multiple websites and **collaborated** on multiple cross-functional projects, emphasizing UI design with HTML and CSS.
- Acquired **practical working experience** with **git** and **github**.

PROJECTS

Word Weaver. | *MERN Web Application* | [Live Demo](#) | [GitHub](#)

April 2024

Tech Stack: *ReactJS, Redux, Appwrite, Tailwind CSS*

- Crafted a seamless and intuitive user experience, leveraging React.js and Redux to offer a fluid interface for effortless blog creation, editing, and publishing.
- Backend functionality with **Appwrite**, ensuring lightning-fast performance and data management.

PixelGen. | *React Web Application* | [GitHub](#)

April 2024

Tech Stack: *ReactJS, Node js, Express js, Tailwind CSS*

- **Developed an AI-powered image generation tool** utilizing DALL-E, enabling users to create custom images based on text prompts, enhancing user engagement and creativity.

ACHIEVEMENTS

- **Contributor, Social Summer of Code '23:** Recognized for advanced frontend skills and a 25% increase in user interaction through significant UI/UX improvements.
- **HackFest'24r Participant:** Actively contributed valuable code during hackathon at IIT Dhanbad to our project.
- **Open Source Contributions:** Showcasing strong collaborative frontend development skills.
